

## 2010 ABC Raceway Point Fund

The ABC Raceway will be using a “pay per point” point fund system in which drivers must buy into the point fund in order to participate. Drivers who buy in are awarded a point fund check that is based upon their total number of points at the end of the season. A cent per point ratio will be used, simply meaning each point you earn is worth a given amount, and you are paid per point.

Drivers must buy into the point fund by paying \$20 within the first three race programs. Drivers who do not buy into the point fund do not receive a points’ fund check.

All drivers who buy in, no matter what division they race in, will be awarded using the same cent per point ratio. Therefore, drivers in different divisions that both had 400 points at the end of the season would both receive point fund checks for the same amount. The division in which one races is not factored in unless you finish in the top three of your division and qualify for a bonus.

In addition to being paid per point, the top three drivers in all divisions will also receive a guaranteed bonus. Guaranteed bonuses will be as follows:

Modifieds: 1<sup>st</sup> - \$125, 2<sup>nd</sup> - \$80, 3<sup>rd</sup> - \$75

Super Stocks: 1<sup>st</sup> - \$100, 2<sup>nd</sup> - \$75, 3<sup>rd</sup> - \$65

Midwest Modifieds: 1<sup>st</sup> - \$70, 2<sup>nd</sup> - \$55, 3<sup>rd</sup> - \$50

Six Cylinders: 1<sup>st</sup> - \$70, 2<sup>nd</sup> - \$55, 3<sup>rd</sup> - \$50

Pure Stocks: 1<sup>st</sup> - \$60, 2<sup>nd</sup> - \$40, 3<sup>rd</sup> - \$30

The cent per point ratio will be determined at the end of the season. All money within the point fund will be divided by the total number of participating drivers’ points, determining how much each driver will be paid per point.
